

# DoView Tool C3 - DoView Visual Alignment

C3

DoView Planning.Org

Below the 'Archery Initiative's' projects have been mapped onto the initiative's DoView strategy/outcomes diagram to check for 'line-of-sight' alignment. There is a lack of alignment for the gray 'A' priority box 'Arrows sharp enough' because no projects are mapped onto it. Either it is not a priority, or it should have one or more projects mapping onto it.
