

DoView Tool D12 - Suspiciously Tidy Indicator Set Explainer

Some indicator sets look very tidy, such as in 'A' below with three outcomes and five indicators under each outcome. It is however unlikely that the indicators under each outcome in the set will be at a similar level within the initiative's DoView strategy/outcomes diagram. 'B' shows the boxes the indicators are measuring put onto the relevant DoView diagram. In this very stylized example, the boxes whose indicators relate to Outcome X tend to be much lower level than those for Outcome Y.

A

Outcome X	Outcome Y	Outcome Z
Indicator X1	Indicator Y1	Indicator Z1
Indicator X2	Indicator Y2	Indicator Z2
Indicator X3	Indicator Y3	Indicator Z3
Indicator X4	Indicator Y4	Indicator Z4
Indicator X5	Indicator Y5	Indicator Z5
