

DoView Tool E5 - How an Agency, Provider, Policy, Organization or Initiative Can Prove it is Managing For Outcomes, Not Only Outputs

The initiative can submit to their control agency, purchaser/funder, auditors or other stakeholders what it is doing in each of the DoView Planning Framework (D1) areas as shown below.

Strategy and planning

A

Evidence-based STRATEGY specified

DoView strategy diagram evidence-based and peer-reviewed

B

PRIORITIZATION of outcomes

Prioritization of outcomes clearly shown on our DoView diagram

C

ALIGNMENT of activities

Alignment shown by DoView Visual Alignment on our DoView

Monitoring performance & outcomes

D

OUTPUTS and indicators the initiative controls

Outputs and controllable indicators reported on in quarterly reports

E

Higher-level OUTCOMES that are not-necessarily controllable

Trends in high-level outcomes tracked and reported on in quarterly reports (but attribution not established because not-necessarily controllable)

Evaluation

F

IMPLEMENTATION evaluation for optimization

DoView, initiative design discussed at conferences, expert peer review, feedback incorporated

G

PROCESS evaluation for description

All documentation archived, videos of staff and participants available

H

IMPACT evaluation to prove impact

Local University undertaking an impact evaluation

I

ECONOMIC and SUMMATIVE evaluation

Undertaken by funder showing hypothetical cost-benefits results
